Thank you very much for purchasing the ZOOM iQ7.

The iQ7 has the following features:

• High quality mic that connects with iPhones, iPads and iPods

This stereo microphone can be connected to an iPhone (5 or later), iPod touch (5th generation), iPad (4th generation), iPad Air or iPad mini and used with an application such as a music recording app.

SAFETY PRECAUTIONS

In this manual, symbols are used to highlight...damage to the equipment.

1. **Usage and Safety Precautions**

   **Product handling**
   - Do not drop or bump, or apply excessive force.
   - Be cautious not to allow foreign objects or liquids to enter the unit.

   **Stability**
   - Do not use in excessively high or low temperatures.

   **Connections**
   - Do not use in very high humidity or near splashing water.

   **Operation and handling**
   - Do not use in places with excessive dust.

   **Maintenance**
   - Do not use in very high humidity or near splashing water.

   **Precautions when using the connectors**
   - Do not use with the case adjusted close to the connectors.

   **Wiring**
   - Do not use with the case adjusted close to the connectors.

   **Power**
   - If an authentication error or other problem occurs, the red LED will blink dimly.

   **Cleaning**
   - If the connected device sends or receives data wirelessly while recording with the iQ7, an authentication error or other problem may occur.

   **Operation Precautions**

   Before moving the device, always disconnect all connectors.

   Do not use in places with excessive dust or sand.

   Do not use in very high humidity or near splashing water.

  熄灭Lite

   **Audio monitoring without latency (only when using the ZOOM Recorder)**

   • Two modes: audio and video

   • Stereo width control using mid-side mics
